

My fantasy animal

This is Adison, the woodcat. Let me introduce her. She has got long blue fur, five green eyes, very nice sun claws and branches on her head.

I found her when I went for a walk and saw her in the woods, because she lives there. I think she is ten years old and she is very big. The animal eats flowers and branches and drinks saltwater. Adison looks like a cat and a little bit like an owl.

Adison is as tall as a roe. She likes people and trees but dislikes other animals. She likes climbing trees. Adison can kill other animals with her sun claws. Let's come to her body again. She has got a red mantle, very long arms and legs. Adison is very friendly and clever. Since the moment I went for a walk and saw her, we have loved each other. I hope Adison will stay with me for a long time. This is Adison, the woodcat.
