Speaker Biography

Sam French **Business Development, Johnson Matthey**

Sam currently works in Business Development at Johnson Matthey, leading the development of the strategy and programme for Low Carbon Hydrogen.

Previous roles at Johnson Matthey include Technology Manager for the steam reforming catalyst and technology R&D team. After moving from R&D into Business Development, he was tasked with developing a portfolio of new opportunities for processes from new feedstocks, such as biomass, waste and renewable energy.

Sam represents JM on the Hydrogen Council Executive Group, as well as a number of other organisations focused on solutions to decarbonisation.
