

# TRIP TO BRAZIL

***A journey that will allow you to come back to the Source, getting to know our tribe Kariri Xocó, one of the last indigenous tribes of the world. They fight with honor and strength to defend their rights and traditions.***

The trip to Brazil represents a unique opportunity to live in close contact with customs and traditions of our Tribe that will exceptionally open the doors of Sabuká centre where we will spend a few days with them: they expressed their willingness to share ceremonies, sacred songs and dances, rituals, helping us to rediscover the true connection with Mother Earth, Father Sky and the Heart of the Great Spirit.

It is a great privilege and a unique event that the tribe will open the doors of their community to Europeans and this is possible thanks to the deep spiritual connection that Juma and Daiko have with the tribe.

Not only an extraordinary journey, but also an action of real humanitarian aid. Through the trip you will support the tribe within their community, you will have the chance to appreciate their craftsmanship and products (feathers, seeds necklaces, cocar, ritual pipes, maraca, sacred body painting, organic coconut oil, herbal remedies, t-shirts etc.) and you will contribute to their project to build simple huts where they will host more people to spread their wisdom.
