

DECISION MODE

Who decides the mode?

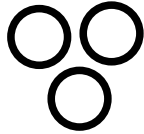

Clarify the mode before you start! Not always when a group meets in a facilitated workshop it means necessarily grassroots democracy with consensus.

SOLO

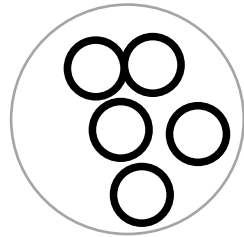

One decides. The others advise and support.

CORE GROUP

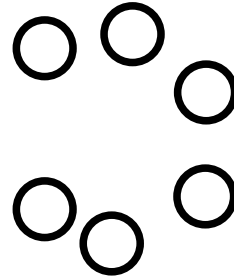

A core team decides. The others advise and support.

CONSENSUS

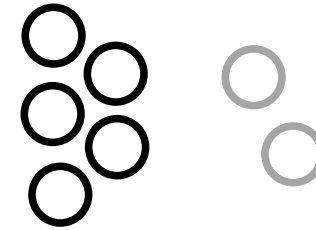

All join in the decision and are unanimously in favor.

CONSENT

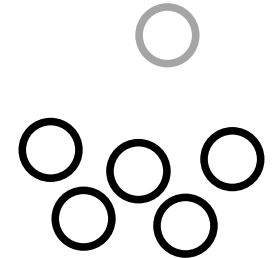

There is no serious objection (left). This is how it is decided.

MAJORITY

There is an election in which a simple/absolute majority counts.

THIRD PARTY

The team is preparing a decision. A third party/board decides.
