DETROIT SHIRT

UVP: 137^{00€}

ref. 56559911

Ideal **overshirt** to **protect you from the wind, humidity and rain** on the way to work or during MTB or GRAVEL outings.

State-of-the-art fabrics and elegance united in this sports shirt.

The membrane fabric is **windproof and waterproof**. It avoids the loss of body heat and thanks to the **ventilation piece under the armpit** it does not increase your sweating. In the lower back **it has 3 large pockets** where you can store everything you need. These have a flap to prevent water from entering. The elastic trim at the waist adjusts the garment to the body and prevents the entry of air. The button closures on the pocket and cuffs give it the **original and elegant** touch you were looking for.
