*How can we make sport more gender inclusive?*

### **Sport: Orienteering**

1. Did you think the sport was equally inclusive for boys and girls? Explain your answer.

**Yes because everyone could join and add his ideas.**

2. What could be done to adapt/change the sport to make it more inclusive than it is?

**Maybe to try to inclusive everyone while answering the questions.**

3. Which rules would need to be changed? Explain your answer.

**None, because it's only necessary that the players include everyone.**

4. Which technical elements would need to be changed? Explain your answer.

**None, because only the players need to be cooperative.**

5. Which tactical elements would need to be changed? Explain your answer.

**None, like the answer in 4.&5.**

6. What effects would all these changes have - not only on gender inclusion but any other effects?

**The game will get more cooperative and will make more fun.**

7. Which aspects are in your opinion very important to make this sport more popular in other countries all over Europe?

**Maybe to establish teams in which you could join if you want to play.**

1. \_\_\_\_\_
1. **Sport:** e sport was equally inclusive for boys and girls? Explain your answer.  
yes, because the teams were mixed, so that each team included both gender and the rules were the same as well
2. What could be done to adapt/change the sport to make it more inclusive than it is?  
Nothing has to be changed

3. Which rules would need to be changed? Explain your answer.

---

No rules need to be changed

4. Which technical elements would need to be changed? Explain your answer.

---

We do not think that technical elements need to be changed

5. Which tactical elements would need to be changed? Explain your answer.

---

Nothing has to be changed but it is important to wear good shoes so that you will not slip that easy

6. What effects would all these changes have - not only on gender inclusion but any other effects?

---

The sport would be more safe

7. Which aspects are in your opinion very important to make this sport more popular in other countries all over Europe?

---

Maybe it would be a good aspect to set some shows on TV so that people all over Europe who do not know this sport become aware of it

*How can we make sport more gender inclusive?*

## **Sport: Orienteering**

1. Did you think the sport was equally inclusive for boys and girls? Explain your answer.

- I don't think so, because mostly Boys are taller than Girls so they can run really fast without making an effort.

2. What could be done to adapt/change the sport to make it more inclusive than it is?

- I think you can make some groups. In one Group are the boys and in the other group are the Girls.

3. Which rules would need to be changed? Explain your answer.

- I think it have to be changed that only people with a specifical Age can take part in it. Maybe man kids or older people also want to participate.

4. Which technical elements would need to be changed? Explain your answer.

- You must be able to read a map and orient yourself in an unknown Area. It would be better to have an electronic device where the car is on it, as it is very inaccurate to run a long way with a map.

5. Which tactical elements would need to be changed? Explain your answer.

6. What effects would all these changes have - not only on gender inclusion but any other effects?

- It would be fairer and women can win easier and it will be easier to handle with a map.

7. Which aspects are in your opinion very important to make this sport more popular in other countries all over Europe?

- It is very important that you have groups of boys and Girls and that it is more easy to handle with a map

*How can we make sport more gender inclusive?*

## **Sport: Orienteering**

1. Did you think the sport was equally inclusive for boys and girls? Explain your answer.

Yes, because boys and girls are mixed and everyone works together in teams. boys and girls have different qualities, which makes you stronger together.

2. What could be done to adapt/change the sport to make it more inclusive than it is?

We think that it is inclusive, because while we were practising it we felt good. You have to search on the map for a checkpoint in a area. If you find it, it is in a box and you need to open it with a code. You can find the code with a mystery.

3. Which rules would need to be changed? Explain your answer.

That you have to wait longer until the group before you started because otherwise there are forming groups. And different groups can start from different places.

4. Which technical elements would need to be changed? Explain your answer.

That you have to search and do more for getting the checkpoints and its harder to get them. For example: climbing in a tree, swim in the water or dig in the ground.

5. Which tactical elements would need to be changed? Explain your answer.

That you can make the route by yourself, so you have a short route and an other route than to other groups. Than you need to think creative and it's good for your development.

6. What effects would all these changes have - not only on gender inclusion but any other effects?

You take more abilities and when you don't see the other groups you do it more by yourself and it's more exciting.

7. Which aspects are in your opinion very important to make this sport more popular in other countries all over Europe?

That you do it on every school with physical education and you make advertisement at television and school.
