

HOBIE KAYAKING & FISHING COLLECTION

INTRODUCING THE ALL-NEW ITREK SERIES

Hobie®

OVER 70 YEARS OF NON-STOP INNOVATION

In 1950, Hobie Alter shaped his first surfboard in his parents' garage in Laguna Beach, California. His visionary designs challenged the limits of watersports and inspired a culture of ingenuity and craftsmanship that lives on today. From surfboards and world-class catamarans, to revolutionary kayaks and stand-up pedalboards, Hobie is driven by a passion for delivering the most advanced, enjoyable and accessible watersport products available. The Hobie brand continues to be synonymous with leading-edge adventure on the water.

Today, Hobie's passion for the water is built into every kayak we make. Based in Oceanside, CA, Hobie is steadfast in its unwavering commitment to unsurpassed quality, expert craftsmanship and superior performance. Over 20 years after introducing the original MirageDrive to the world, Hobie remains the most popular and innovative pedal kayak brand on the planet.

INNOVATION & INGENUITY. QUALITY & CRAFTSMANSHIP.

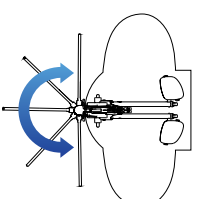

Since Hobie's inception in 1950, these unwavering traits have defined our iconic brand and kept us passionately committed to delivering exhilarating experiences on the water.

As we enter our 71st year, we are thrilled to once again redefine fun on the water, with imaginative and technological advancements that enable our customers to experience their passions in dynamic, new ways. In that spirit of innovation, our team of engineers have reenvisioned our entire inflatable kayak line, presenting a new, lighter weight, streamlined platform: the Mirage iTrek Series. Topped off with the all new Mirage Fiesta, a four person pedal kayak. Let the good times roll.

Our 2021 Mirage Compass is now equipped with the forward and reversing MirageDrive 180 with Kick-Up Fins and the Mirage Passport has been upgraded to the MirageDrive with Glide Technology and Kick-Up Fins.

Kick-Up Fins Retract When Impacting an Underwater Obstacle

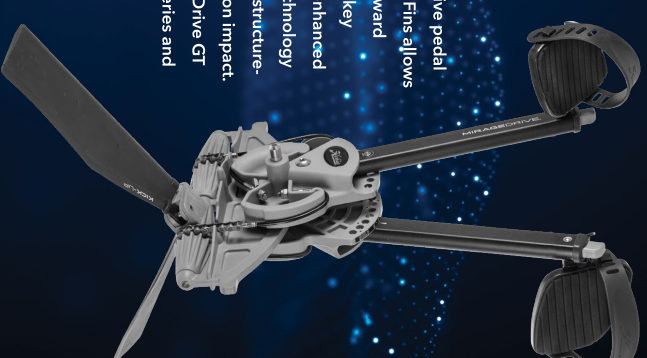

Fins May Flutter Closer To Hull For Shallows or Beaching

MIRAGEDRIVE

GT

with Kick-Up Fins

The patented, time-tested Hobie MirageDrive pedal system with Glide Technology and Kick-Up Fins allows you to charge through the water. Power forward virtually hands-free. With roller bearings at key friction points, there is less resistance and enhanced performance. Our patented Kick-Up Fin Technology takes the worry out of kayaking in shallow, structure-filled waters by automatically "kicking up" on impact. Logs, kelp, rocks? No problem. The MirageDrive GT comes standard on all 2021 Mirage iTrek series and Mirage Passport kayaks.

MIRAGE ITREK SERIES

NEW FOR 2021: MIRAGE ITREK SERIES
LIGHTWEIGHT, FAST & PORTABLE

Hobie's inflatable kayaks are portable, lightweight, agile, and lightning-fast. Powered by the MirageDrive with Glide Technology and Kick-Up Fins, the all-new iTrek series strikes the perfect balance between superior performance and portability.

The Mirage iTrek 9 Ultralight and iTrek 11 are our lightest, fastest and most maneuverable pedal kayaks.

If you think limited storage at home is keeping you from kayaking, think again.

With the iTrek 9 Ultralight, you have the best of both worlds. Its high-tech drop stitch construction inflates to 10PSI, delivering rugged rigidity and nimble performance in an unbelievably lightweight package. The improved hull construction combined with EVA standing pads allows it to be used as a seated kayak or standup platform. With the iTrek 9 Ultralight, simply toss it into your trunk or check as luggage for your next flight. Did we mention it turns on a dime?

Built for everything from day trips to overnight escapes, the Mirage iTrek 11 delivers the speed, stability, and tracking of a rigid kayak but without all the extra weight.

The high-performance lightweight construction features a rugged inflatable drop-stitch hull with triple-chamber construction. Each features the MirageDrive with Glide Technology and Kick-Up Fins, state-of-the-art seating featuring cup holders and breathable nano-mesh fabric, rolling travel bag with portable hand pump and high volume electric pump.

PARTY ON THE WATER

If you're looking to have some serious fun on your next family outing, look no further than the Mirage iTreK 14 Duo and all new Fiesta.

Built for two, the iTreK 14 Duo strikes the perfect balance of stability and speed. Two MirageDrives with our patented Kick-Up Fin technology simplifies locomotion.

Introducing the all new Mirage iTreK Fiesta. The Fiesta is fast and lightweight, but we didn't stop there. It's versatile, too. With room for the whole family, we've integrated social seating, making it the perfect watercraft for spending time on the water playing games or putting your feet up and hanging out. With four seats, two MirageDrives with Glide Technology + Kick-Up Fins, and its high-tech drop stitch triple-chamber construction, you'll have the space and the power to bring the whole family along for the party of a lifetime.

ITREK FIESTA

MIRAGE ITREK SERIES

CONVENIENCE, PORTABILITY & A GREAT RIDE

- 1 MirageDrive Powered**
Intuitive and efficient, Hobie's MirageDrive GT with Kick-Up Fin Technology propulsion offers smooth and power pedaling.
- 2 550 Denter PVC Hull**
Built tough for years of fun.
- 3 Trek Elevated Seating**
Bent aluminum frame seating with breathable mesh provides lightweight, quick drying, cool and comfortable seating. It can even be used as a beach chair.

- 4 Diagonal Drop Stitch Floor and EVA Pads**
This method of construction allows for much higher inflation pressures. Thousands of tiny threads connect the top and bottom layers of the floor, providing remarkable structural rigidity and on the water performance.

- 5 Cargo Areas**
The front and rear Cargo Areas with Bungee tie-downs ensure gear is still in place when you get to camp, secure an optional H-Crate for fishing trips.
- 6 Locking Valves**
Valves lock into the pump for easier inflation and lock into open position for quick deflation.

- 7 Four-Piece Aluminum Paddle***
Steer with your fingertips. The detachable steering handle provides smooth, low friction operation that can be attached to either side of the seat.
- 8 Rudder Control**
* Mirage Trek 9 and Falsa come standard with a Three-Piece Fiberglass Standup Paddle Board paddle.

- 9 Carry Handles**
With handles forward, aft and amidship, portage is easier and comfortable.
- 10 Removable Rudder**
The entire rudder system quickly attaches/detaches from the hull for easy storage when packing up at the end of the day. When attached to the hull, single line rudder blade retraction/deployment provides incredible handling and maneuverability.

Additional Components Included
Rolling travel bag that allows for easy transportation and storage of folded-up kayak. Falsa comes with a non-rolling bag that is equipped with multiple carrying handles). Cup Holder, Electric Pump, Dual Action Hand Pump for inflation and deflation.

Optional Accessories
Plug-in Cart for transportation, adhesive laces/ Mounts, Rod Holder, and other fittings. See our Parts and Accessories Catalog for more.

MIRAGE PASSPORT 10.5

YOUR TICKET TO ADVENTURE & FUN

The Mirage Passport 10.5 has been upgraded to deliver a smoother and more efficient hands-free ride with the revolutionary MirageDrive with Glide Technology and Kick-Up Fins. The patented Kick-Up Fins eliminate underwater clashes with debris, logs, rocks and other shallow-water hazards by automatically "kicking up" on impact. Reach isolated beaches and remote waters, closer to nature and further from the hustle and bustle, with the Passport 10.5.

Every feature is designed with your comfort in mind, starting with an ergonomically designed mesh aluminum frame seat. Sail open water or fish the flats, thanks to the sail-ready vertical accessory mount and molded-in rod holders. Dual mounting tracks keep your accessories within reach while the 8" Twist-n-Seal Hatch will keep them dry. The easy-to-use steering system and simplified version of our Twist-and-Slow rudder puts navigation at your fingertips and a smile on your face.

MIRAGE PASSPORT 12

NOW IS THE TIME TO GET OUT ON THE WATER

The 12-foot Mirage Passport takes you where you want to go with ease and world-class authority with revolutionary hands-free pedal propulsion. This year, the Passport has been upgraded to the MirageDrive with Glide Technology and Kick-Up Fins. The Glide Technology reduces resistance when pedaling and improves the smoothness of the drive, by way of added roller bearings at key friction points, while our patented Kick-Up Fins automatically retract when an under-water obstacle is hit. When you're not relaxing in the Passport's breathable mesh seat, a wider cockpit area with EVA floor padding provides a stable platform for standing and stretching your legs or casting a line. There's plenty of real estate to stash equipment on the bow or stern cargo areas and more below deck access through the center 8" Twist-n-Seal hatch. Anglers will be happy that the Passport 12 has a transducer cavity and scupper for quick install of your favorite fishfinder and a Power-Pole® Micro bracket indent to easily mount your favorite shallow water anchor. Additional features include steering system with stowable rudder, two fishing rod holders, accessory tracks, and under seat and gunnel tackle storage.

MIRAGE PASSPORT

1 MirageDrive GT
Featuring our legendary MirageDrive with Glide Technology and Kick-Up Fins that automatically retract on impact.

2 8" Twist and Seal Hatch
Corkscrew closures and hinged lids for in-hull storage. Upgrade to the Rectangular Hatch for more space.

3 Suspended Mesh Aluminum Frame Seat
Lightweight and comfortable, this breathable mesh seat makes relaxing easy.

4 Rudder Control
Intuitive and effortless fingertip steering.

5 Aluminum Two-Piece Paddle
For added safety and because sometimes it's just too shallow to pedal.

6 Stowable Rudder
Deploy when on the water and then stow for easy transport.

7 Bow Storage with Bungee*
Large bow cavity for extra storage space. Optional 8" Twist and Seal Hatch for below deck storage.*

8 Forward Accessory Mount
Stands ready for the Hobie Mirage Sail Kit or Bimini Sunshade.

Mirage Passport 12 shown

9 EVA Padded Standing Platform
Conveniently stand and cast on the redesigned cockpit, complete with EVA pads and extra width for stability.*

10 Accessory H-Track Mounts
Two H-Tracks provide infinite mounting options for your phone, Go-Pro and any items you need close.

11 Accessible Tackle Storage
Two recesses with Bungee closures keep tackle boxes close.*

12 H-Bar Ready
Forward recesses provide precise placement for simple H-Bar setup.*

Fishfinder Ready
Includes a transducer cavity and mounting plate for you to install a fishfinder.*

13 Power-Pole® Micro Mounting Pad
Molded in mounting surface to quickly install your Power-Pole AnchorSystem.* Requires upgraded hatch.

14 Carrying Handles
Provided at the bow and stern and two along the sides for easy handling and quick transport.

15 Rod Holders
Keep rods within arm's reach and ready for your next cast.

***Available on Mirage Passport 12 only**

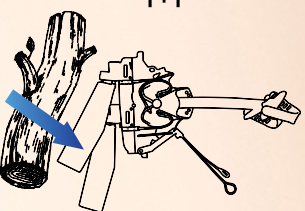

MIRAGEDRIVE 180 A FORCE OF NATURE

In 1997 Hobie permanently revolutionized kayaking with groundbreaking fin technology.
Experience 20 years of innovation perfected.

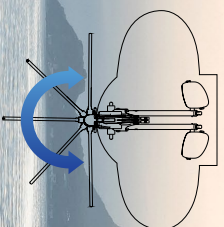

The most significant technological innovation in modern kayak history, the MirageDrive, immediately revolutionized the sport of kayaking upon its introduction in 1997. Hobie has been innovating ever since. As the unquestioned leader in pedal-propulsion for over 20 years, more kayakers have purchased a Hobie than all other pedal brands combined.

With the patented MirageDrive 180 with Kick-Up Fins that automatically "kick-up" when an obstacle is hit and redeploy when clear, Hobie has set a new standard for pedal drives. This award-winning fin technology delivers seamless adjustability, dependability, and full power in both forward and reverse. Best of all, it's completely beachable with the push of your pedal.

The MirageDrive 180 is featured on the Mirage Compass and Compass Duo, Mirage Outback, Mirage Revolution® Series, Mirage Oasis®, Mirage Pro Angler Series and Mirage Island Series.

Kick-Up Fins Retract When Impacting an Underwater Obstacle

Fins May Flutter Closer To Hull For Shallows or Beaching

THE DESIGN ADVANTAGE

Revolutionary 180 Shifters
Instantly spin the fins from forward to reverse with a quick pull of the shifter cable. Unlike any other pedal system, the MirageDrive 180 produces full power in both directions.

Kick-Up Fins
Kick-Up Fin technology provides the power to charge through the water as never before. Logs, kelp, shallows, rocks, no problem.

Hands-Free Propulsion
Keep your fishing rod, camera, or cold drink where they belong - in your hands.

Navigate Shallow Water
Fluttering the fins by using partial pedal strokes allows propulsion in very shallow water. Also, unlike propeller based pedal systems, the fins fold up flush with the hull for easy beaching.

On-Water Debris
The natural back and forth motion of the fins shed debris and vegetation and won't twist up and get stuck like propeller drives.

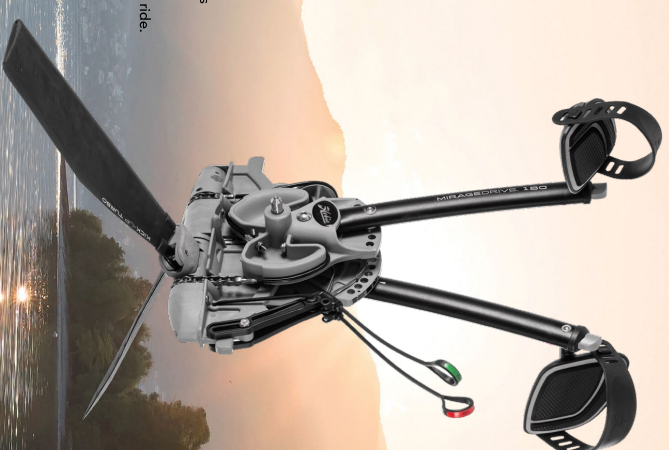

Strength and Durability
Built from the toughest components and designed to hold up to the harsh environments and underwater impacts. You won't find a tougher, better built drive.

Glide Technology
Advanced roller bearings at key friction points reduce resistance for an ultra-smooth ride.

The Click and Go System
Allows for quick and easy MirageDrive installation and removal.

Easy Maintenance
A quick rinse with fresh water is all you need once you're done for the day.

Height Adjustable
With the simple push of a button, the ARC Cranks adjust effortlessly to fit kayakers of all sizes, from children to taller adults.

MIRAGE COMPASS

THE PERFECT COMBINATION: HIGH-PERFORMANCE MEETS SIMPLICITY

Experience high-performance kayaking and world-class fishing from the comfort of this brilliantly simple and fully customizable platform. The Mirage Compass is now powered by the MirageDrive 180 with forward-and-backward capabilities as well as full Kick-Up Fin efficiency. The fins immediately retract when an underwater obstacle is hit and automatically redeploy when clear. Designed from the water up, the Mirage Compass is a flexible kayak for kayakers and anglers of all experience levels. The Compass' extra wide, rock-steady 34" hull and standing deck provide unwavering stability for confidence and control. Ample cargo space and two molded-in rod holders offer quick and easy access to all your gear. The sleek bow design, retractable, spring-loaded rudder, and Tracking Skeg offer precise handling and tracking. Two H-Track accessory rails, plenty of storage space, and a built-in transducer cavity ready for fishfinder installation make the Mirage Compass the perfect all-around kayak for any water excursion. Easily make pedal adjustments for varying heights with the ARC push button cranks. For added stealth, upgrade to the Compass Camo package with Turbo Fins and a covert Camo color.

MIRAGE COMPASS DUO

ONE KAYAK, TWO TIMES THE FUN NOW WITH REVERSE

Searching for an elegantly simple yet highly customizable tandem kayak for on-water adventures with family, friends, and pets? Look no further than the Mirage Compass Duo. Now it can take you in both directions! Powered by one MirageDrive 180 with forward and reverse action and one MirageDrive with Glide Technology, the Compass Duo offers dual maneuverability. The sleek hull design maximizes speed and stability, while greatly reducing drag. The cockpit features comfortable, ergonomic seating, 4 integrated H-Tracks for accessory mounting, and abundant above and below deck storage compartments to house gear for two. The sleek waterline and Kick-Up Rudder system make for an impressively nimble tandem kayak that's easy to steer and extremely durable. The roomy Compass Duo is simple to use and adventure-ready, making it the ideal choice for water outings.

MIRAGE COMPASS

A PERFECT BALANCE OF FEATURES & VALUE MADE SIMPLE BY DESIGN

1 MirageDrive 180 with Kick-Up Fins
Features legendary MirageDrive pedal performance - both forward and reverse. The Camo edition comes standard with Tuflex Fins. Mirage Compass Duo comes with one MirageDrive 180 and one MirageDrive GT.

2 Optimal Seating Design
Constructed from breathable mesh fabric and adjustable for added comfort. Mounted at an ideal height for fishing, there's room for tackle storage underneath. Easily removable for use on shore.

3 Excellent Hull Performance
The durable polyethylene hull hits the sweet spot between tracking and maneuverability. The oversize cockpit includes plenty of flat deck area for standing.

4 Easy Steering System
When you want to paddle or head on shore, the spring-loaded rudder retracts easily into the hull. Automatically kicks up if you hit something. Easy grip for fingertip steering.

5 Storage Abounds
Plenty of storage for your gear, including an H-Grate or Livewell, in the bow storage area, stern storage area with Bungee tie-downs, and the 8-inch round Twist and Seal cockpit hatch.

6 Carrying Handles
Conveniently located midship, bow and stern.

7 Two-Piece Paddle
Negotiate surf-strawn beaches and rocky inlets with the included Two-Piece Paddle with fiberglass shaft.

8 Accessory Ready
H-Track accessory mounts provide no-drill customization.

9 Drink Holder

Lowrance Ready
Includes a transducer cavity for you to install a Lowrance fishfinder.

10 Forward Accessory Mount
Ready for an optional Mirage Sail Kit or Bimini Sunshade.

11 Side Carrying Handles
Improved for ease of loading and transport.

Nobie VANTAGE SEATING

*Unparalleled adjustability
for the utmost comfort,
a drier ride, and longer
days on the water.*

The patented Vantage Seat maximizes on-water comfort, making for a luxurious ride so you stay focused on the environment around you. Our ergonomic Vantage Seats take adjustability and breathability to a new level, with features and materials that provide unrivaled support and comfort for a full day on the water. All Vantage seats provide a kick stand for an even higher Vantage point and also double as beach chairs.

Vantage ST

Vantage ST: Pro Angler Series

The Vantage ST is equipped on the Mirage Pro Angler 12 and 14. Integrated barrel adjusters easily customize the seat to the position that perfectly meets your angling needs. And for those times when the fish aren't biting, quickly recline to relax in total comfort.

Designed for versatility, the bottom of the seat folds up quickly for extra room on the standing deck or raise the seat an additional five inches to enjoy the optimum Vantage position.

Vantage CTW and CT

The CT is featured in most remaining rotomolded MirageDrive 180 kayaks (apart from the Outback, boasting the wider Vantage CTW seat with 1-1/2 extra inches for ultimate comfort). Pull levers under your seat to quickly and easily adjust the seat's angle of recline and height. The seat back is infinitely adjustable, capable of moving within a three-inch range so you can find your sweet spot.

Vantage CT

Vantage CTW

REVOLUTION SERIES AND OASIS

WHEN SPEED MATTERS MOST

The Revolution Series showcases the true combination of speed and power. The Revos' sleek design makes them so fast and stable that no wave, wake, or wind can slow them down. The Revo 11 is an ideal mix of size, speed and maneuverability, easily transported to remote bodies of water. The Revo 13 hits the sweet spot in terms of stability, speed, and tracking performance. Its 28.5" beam enhances stability and maximizes capacity without slowing you down, so you can hit the water with friends and always stay in the lead. Both Revos come outfitted with the industry-leading MirageDrive 180 with Kick-Up Fins and ARC Cranks, a highly-adjustable Vantage CT seat, ample storage space, molded-in rod holders, and a Twist and Stow Rudder. When it comes to the Revolution family, fast is an understatement.

MIRAGE OASIS

The Mirage Oasis is a spacious tandem kayak featuring a high-performance hull, fully loaded cockpit with highly-adjustable Vantage CT seating, three Twist and Seal hatches, and easy-access storage compartments. Dual MirageDrive 180s with Kick-Up Fins and ARC Cranks power the Oasis to impressive speeds in forward and reverse. The Twist and Stow Rudder and dual steering capabilities provide enhanced tracking and maneuverability.

MIRAGEDRIVE 360

ONLY HOBBIE CAN DELIVER POWER IN EVERY DIRECTION

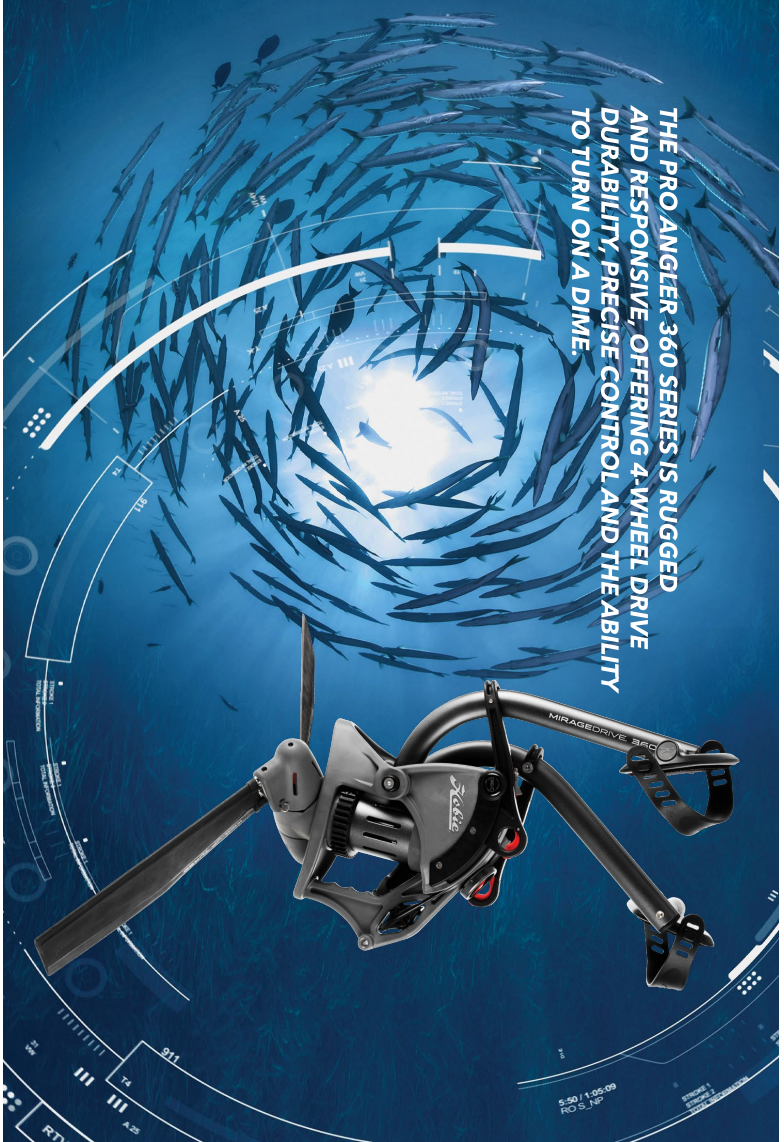

Over 20 years ago, Hobie revolutionized kayak fishing with the introduction of the MirageDrive pedal system.

Through constant innovation the MirageDrive has evolved over the years, continuing Hobie's dominance in the pedal kayak market. The patented MirageDrive 360 has taken the future of kayaking in a new direction - forward, backward, sideways and even degree in between. Anglers can navigate tight spaces, hold position, and fish with total control.

With the game-changing Kick-Up Fins, you can access shallow and obstacle-filled waters with confidence.

THE PRO ANGLER 360 SERIES IS RUGGED
AND RESPONSIVE. OFFERING 4-WHEEL DRIVE
DURABILITY, PRECISE CONTROL AND THE ABILITY
TO TURN ON A DIME.

MIRAGE PRO ANGLER

FULL-CIRCLE 360 POWER AND MANEUVERABILITY

The Mirage Pro Angler 360 series fishing kayaks are as nimble as they are powerful, making it exciting to weave through obstacles and easy to stay on top of the fish. With all the fish features of the world's best-selling Hobie Mirage Pro Angler fishing kayaks, including six rod holders, the adjustable, elevated Vantage ST seat, extra wide hull, Guardian Transducer Shield and stain-resistant, noise reducing EVA padding, the Mirage Pro Angler 360 Series takes kayak fishing to an entirely new level. Kick-Up Fins make shallow and structure-filled areas far more manageable as they literally "kick-up" on impact. Its rock-steady platform delivers the ultimate in stability. The Pro Angler 12 and 14 with 360 Drive Technology offers:

- Full 360 degrees of seamless mobility
- Exclusive Kick-Up Fin technology for chasing fish through the shallows. Access hard to reach honey holes by pedaling over logs and rocks
- Unrivaled boat control in any water condition imaginable
- Custom Arctic Blue Camo and Amazon Green Camo colors - both exclusive to the Pro Angler 360 Series

There's no need to drill holes when rigging a Pro Angler. Twelve-sided Hobie H-Rail bars hold a variety of accessories including Tackle Bins, Rod Racks, Cup Holders, Rod Holders and Mounting Plates.

10 Cargo Area

There's room for an optional H-Grate, Livewell or whatever else you need to tote. A pair of nearby vertical rod holders are ideally angled for trolling. Slag!

Deploy the tracking sled for improved course keeping. Retract for maneuverability.

Mirage Pro Angler 14 Shown with MD 180

MIRAGE ISLAND SERIES

TIMELESS DESIGN & HOBBIE INNOVATION

Often praised as the best sailboat available, the Mirage Island Series offers a unique way to sail by combining the power of the pedal with the force of the wind. Designed for superior speed and performance, the Islands deliver the most exciting on-water experience imaginable from an approachable, easy-to-learn platform. Built for sailors of any size and experience level, they offer an unmatched experience for those seeking fun family outings as well as adventurers looking to push the limits of man and craft.

Available in both single and tandem versions, these sailboats are simple to launch and beach, making it easy to get started but hard to want to stop.

1 Roller Furling Boomless Mainsails

Providing a powerful, yet user-friendly ride, the sail wraps easily around the carbon composite mast, making it simple to unfurl, trim and furl in all conditions.

4 MirageDrive 180 w/ ARC Cranks + Kick-Up Turbo Fins

Outfitted with the MirageDrive 180, the Island Series is truly adventure-ready, offering unrivaled power in both forward and reverse.

2 Island Rudder

The oversized rudder makes steering effortless and precise, enabling maximum maneuverability.

5 Ama Crossbars

The crossbars pivot back against the hull for easy transportation, docking and storage, or to help land a prized catch.

3 Kick-Up Centerboard

The Kick-Up Centerboard is fully retractable and improves tracking performance while under sail.

6 Ama Outriggers

The durable Ama Outriggers provide the Islands with confidence-inspiring stability.
