

Garden Rules, please read before visiting our garden

1. The garden is a farming ground as well as a place for quiet and recreational meetings in a residential area. Therefore we ask you to be considerate and respect our neighbours. Please talk softly and leave no rubbish behind.
2. Touching the plants is not permitted, not only for hygienic reasons. Picking, tasting and touching of plants, also of plants you might know is only permitted to our staff. If you would like to taste or try them, please order a Wild Herb Salad or ask our staff. We offer guided tours to the garden regularly during which tasting the plants is offered.
3. The paths are not fixed and secured. Walk slowly and one after another at your own risk.
4. Do not leave the paths, do not step on the beds, also not on the stepping stones in the beds.
5. Attention: some plants are lethally poisonous. Others can cause a rash or phytotoxic reactions when touched. There are also bees at home in this garden.
6. Children must not run around unattended. There is a pond and sharp garden tools.
7. Dogs are unfortunately not allowed to the garden, but they are welcome on the terrace by the café.
8. **And the last and universal rule for our all protection: Please keep a minimum distance of 1.5m to other guests and our staff.**

We wish you a pleasant stay,
Your Botanico Team
