

Sahara Footprints

Erg Chegaga 7 days / 6 nights

Route: M'hamid – Sidi Najji – Erg Zahar – Erg Smar – Erg Chegaga – Erg Bougarn – Kraayat Jmal – M'hamid

During the trekking the routine of the days will be similar. In the early morning you are free to enjoy the sunrise which is highly recommended getting up to see. Our guide will be happy to bring you to a good dune to admire it. Next, you will get your breakfast prepared by our cook. Then we will start the route for the day. We will arrive our lunch place after some hours of walking, where you will have time to relax. Our cook will prepare the famous tea for you and cook a fresh meal. In the afternoon we will continue our way again with some hours of walking before arriving at our destination of the day. Our team will build the camp for the night and you will have the option to explore your surroundings. Then our guide will accompany you to enjoy the sunset in the dunes. The dinner will be prepared again by our cook. Every meal will be different and show you an example of the Moroccan cuisine. We will share the evening around a fire with music, and enjoy the sky full of shining stars and have a great time before you will go to sleep in your tent.
