

Covid 19 Risk Statement

* During the current lock down, Government guidance permits working in client homes, 'where it is necessary...for example cleaners and tradespeople'. *

We have introduced new policies and procedures during Covid 19 to ensure the lowest risk possible during our sessions.

All clients will be invited to read the following risk statement and sign the declaration before commencing any sessions.

Risk Statement

Wherever possible, 2 metre social distancing will be maintained throughout the session by the client and The Clutterflies.

Where 2 metres is not possible, 1 metre plus will be implemented and may include:

- wearing a face mask
- working in separate areas of the home
- working side to side or back to back rather than face to face
- wearing gloves

Please ventilate your property with open windows and doors wherever possible.

We will be mindful of good hand hygiene and will bring hand sanitiser with us.

We will bring antibacterial spray and kitchen towel should it be needed for cleaning surfaces or objects.

It may not be possible for us to take items to the charity shop at the moment. We will be able to advise you at the time.

The day before we attend your home we will contact you to confirm that there has been no change to either of our situations.

We reserve the right to reschedule, cancel or leave the session if we feel we cannot guarantee safe working conditions for ourselves and/or my client.

We may amend this document at any time subject to changes within the Government guidelines.
