

GRID_ANALYZING_FACILITATION

How are the central tasks of facilitation performed?

Which large and small interventions can be used to guide the communication-process in a focused way?

Where are strengths, where are blind spots?

PROCESS DESIGN

> What is the procedure?

SETTING

> Does the setting fit? Is there variety?

GUIDING INTERACTION

> Balance of controlling and running

STRUCTURES

> Which structural aids are used?

INFORMATION CONTROL

> Are the relevant things talked about?

RULES

> Which explicit and implicit rules apply?
