

GET FLYING!

Inflatable wings are a fresh and exciting way of being driven by the elements - it's a whole load of fun across a wide range of disciplines. The Fly V1 is an intermediate wing that is also perfectly accessible for those new to this sport.

We took a modern design approach for the young and rapidly evolving wing market. Keeping things clean and simple the Fly is lightweight, quick to set up and easy to use. It is designed to make learning and advancing into wing propelled sports as easy and efficient as possible. Being lightweight and packing small the Fly is also an ideal travel wing.
