4. General remarks

We were not able to take the parents to the pilgrimage as we mentioned in our previous report because of their busy schedule. While talking to them they mentioned that they would like to visit there after a month. So we can make them visit there once Miss Pemba returns from her visit to Austria. Also about the kids and teaching materials everything is going pretty well. I was on leave for a week. I went to Kathmandu for my admission. As an official paper it took 5 days for me to receive my transcript. Since everything was done I came back to Hile after a week.
