

PELLET  
THERMO

bordeaux

# P963 C TH

**Maiolica lavorata a mano per ambienti di gusto classico**

**Handmade Majolica for classical style environments**

- › Stufa Thermo a Pellet in **Maiolica**. Monoblocco e caldaia in acciaio, focolare in acciaio e **Aluker®**, deflettore fumi in acciaio, braciere in ghisa. Vaso di espansione di serie, circolatore ad alta efficienza, porta in ghisa, maniglia in acciaio finitura nichelata.
- › Thermo Pellet Stove in **Majolica**. Steel structure and boiler, steel and **Aluker®** firebox, flue gas deflector in steel, cast iron brazier. Standard expansion tank, high-efficiency circulator, cast iron door, steel handle with nickel finish.
- › Thermo-poêle à granulés en **faïence** Monobloc et chaudière en acier, foyer en acier et **Aluker®**, déflecteur de fumées en acier, brasier en fonte. Vase d'expansion de série, circulateur haut rendement, porte en fonte, poignée en acier finition nickel.
- › Thermo-Pelletofen aus **Majolika**. Heizeinsatz und Heizkessel aus Stahl, Feuerraum aus Stahl und **Aluker®**, Rauchleitblech aus Stahl, Brenntopf aus Gusseisen. Ausdehnungsgefäß serienmäßig, Hochleistungs-Umwälzpumpe, Tür aus Gusseisen, Griff aus Stahl in Nickelausführung.
- › Estufa Termo de pellet en **mayólica**. Monobloque y caldera de acero, hogar de acero y **Aluker®**, deflector de humos de acero, brasero de fundición. Depósito de expansión de serie, bomba de circulación de alta eficiencia, puerta de fundición, manilla de acero acabado niquelado.

## Caratteristiche / Characteristics

## Optionals

## Installazione / Installation

## Dati tecnici / Technical data

**12,5 kW**

Potenza termica del focolare / Firebox heat output	kW	17,2
Potenza termica nominale (min-max) / Rated heat output	kW	6,6 - 15,6
Potenza termica all'acqua (min-max) / Heat output to the water	kW	5,0 - 12,5
Potenza termica all'ambiente / Heat output to the room	kW	1,6 - 3,1
Rendimento termico (max) / Thermal efficiency	%	92,2
Consumo nominale (min-max) / Consumption at rated heat output	kg/h	1,4 - 3,5
Potenza elettrica assorbita / Electric power consumption	W	150 - 430
Scarico fumi di serie Ø / Standard flue outlet Ø	cm	8
Capienza serbatoio / Hopper capacity	kg	30
Dimensioni L x P x H / Dimensions L x P x H	cm	65x54x117
Peso stufa / Weight stove	kg	223
