

Winter Journey. Featuring Schubert's Winterreise

Realisation: Werner Cee

Prod: Hessischer Rundfunk 2010

Prix Italia 2010

„This strongly evocative, sometimes even spooky work takes its clue from the text and music of Schubert's song cycle Winterreise. The feelings of loneliness and death are expressed in new and highly personal sounds, with Schubert's music sometimes in the background. Past and present meet in a strong work of art. Also technically speaking, this is a remarkable program, carefully paced and produced.“
