## Escape and Connection

*New Works turns a leaf to 2021*

---

In the wake of a year that has been anything but normal, creating environments in which to rejuvenate and re-evaluate has never been more important. Spaces that enable both escape and connection – that provide solace yet socially stimulate. What has become most evident is the value that human interactions and natural landscapes play within our daily lives. It is with these connections and relationships in mind that New Works presents TERRA: A Residence for Grounding.

Encapsulating nature's tones and textures, we present a grounded environment for living built on the basis of lasting pieces. Characterized by a primary functionality and sculptural presence, these timeless objects are the core of our collection. The Covent sofas and armchairs are examples of such elevated essentials, and we enter the year in their favor – with an improved production setup, making the line more attainable, while keeping to the same meticulous craftsmanship and detailing.

Alongside the upholstered warmth of Covent, we celebrate some other New Works heroes, with new editions of the Kizu table lamp and the Florence coffee and side table. Highlighting the elegant Gris du Marais marble, their subtle tonality bring in a pleasing sense of calm. Moreover, we look forward to greet some long-awaited lights that lost their way in the flux of the past year. Much more awaits in this promising new year and it is with great anticipation that we turn a leaf to 2021.

## Kizu Table Lamp

*Lars Tornøe*

The bestselling Kizu table lamp gains a calm and grounded feel in a new warm grey marble variation. The shimmering surface of Gris du Marais contrasts the clean white upper part of the lamp, while the bright streaks of the stone's natural pattern harmoniously tie the elements together. In a play with shapes and materials, which culminates in the kissing point between the two forms, Kizu spreads its soft light as an intriguing modern sculpture.

## Karl-Johan Pendant Lamp

*Signe Hytte*

The Karl-Johan pendant lamp focuses on the soft yet distinct silhouette of its predecessor. The material combinations of the table and wall lamp have been removed, allowing the rounded glass form to shine brightest. A compact LED light source bounces light around the globes interior, creating a volume free of visual interference. The latest Karl-Johan family member has all the required ingredients, and nothing more.

## Tense Pendant Lamp

*Panter & Tourron*

Stretching to over one metre in length, the Tense pendant lamp appears like a soft cloud has floated in. A modern construction, its soft Tyvek diffuser represents a material both durable and soft – whilst being 100% recyclable. The flexibility of this paper-like diffuser allows its slim frame to accentuate the cloud like qualities of the Tense pendant lamp. Finished with a slimline LED light source, all components fit into a tube for ease of transport. A truly modern approach to lighting.

## Missing Chair

*Regular Company*

The Missing chair appears as if a simple line drawing has sprung into life. Sensual yet strong, the soft curve of each line creates a whimsy that is hard to describe. Straight lines have been softened, allowing the timber seat and back to appear as if floating above the thin steel frame. What remains are the bare essentials in our own interpretation of the humble cafe chair: light, stackable and durable, completed by a highly comfortable silhouette.

### *Materials*

Powder coated steel frame with seat and back in moulded plywood.  
Seat and back comes in selected wood veneer or/and upholstery.

### *Dimensions*

**Covent Chair**  
*Arde Design Studio*

The Covent chair displays a comforting simplicity, a warm embrace suitable for an evening around the dinner table or curled up with a book. Inspired by the geometry of Mondrian's line work, its slim frame shows an asymmetry that defies its strength, presenting a floating cocoon of soft fabrics or leather. A chair that has paired traditional craftsmanship with a truly modern form.

*Materials*  
Powder coated steel frame with seat and back in high quality foam with selected upholstery.

*Dimensions*  
H 790 x W 595 x D 425 mm

## Covent Sofa and Lounge Chair

## Florence Coffee & Side Table

*New Works Studio*

Invite in an earthy materiality with these new editions of the Florence coffee and side table in Gris du Marais marble. Through ages, grains and layers of minerals have recrystallised in the stone to form veins and flickers in a true expression of natural beauty. Exalted by the grandeur of marble yet brought down to earth by the muted tones and the raw, angular steel frame; the Florence coffee and side table are the perfect subtle centrepieces for your soft seating area.

### *Materials*

Powder coated steel frame with table top in marble.

### *Dimensions*

Coffee Table - H 320 x Ø 900 mm

Side Table - H 470 x Ø 500 mm

## Rise & Shine

*Hunting & Narud*

The Rise & Shine wall mirror utilises bold forms with an asymmetrical composition to create an unfolding feature within any space. A softening oak centre point allows the mirror and brass components to push and pull against each other, providing an ever-changing point of reflection. Whether employed for different functions, or simply to create an intriguing interior sculpture, Rise and Shine provides a centrepiece full of balance and movement.

*Materials*

Mirror with oak component and black rope with brass weight.
